## VIGOROUS DOCUMENT

Forecast of President's Message  
Which Will Be Sent to Con-  
gress on Monday.

## ULTIMATUM OF THE POWERS

Situation Serious in Porto Rico—Americans  
Returning—Consul General Lee Left  
Havana at 5 O'clock—More War-  
ships Bought.

Chicago, April 9.—A special to the  
Chronicle from Washington says: President  
McKinley's coming message is a  
vigorous document. The president de-  
scribes the conditions prevailing on the  
island of Cuba as anarchistic, because  
Spain is unable to suppress anarchy and  
lawlessness, so detrimental to the inter-  
ests of the United States, as well as be-  
cause of resulting barbarism. It is the  
duty of this government to interpose  
and restore order.

The president sets forth the fact that  
the Spanish government has not, since the  
Maine was destroyed, either through its  
diplomatic representative in Wash-  
ington, or the American representative  
at Madrid disavowed the responsibility  
for the destruction. The discourtesy of  
Spain, in not trying to locate responsi-  
bility, is referred to, and her protest  
against being held responsible is charac-  
terized as mere diplomacy.

The message does not extend a single  
encouraging word to the Cuban republic.

The Ultimatum of the Powers.

New York, April 9.—A dispatch to the  
World from Madrid says:

The ambassadors of France, Germany,  
Russia, Italy and Austria have diplo-  
matically informed the government of  
Spain, that war with the United States  
can only be averted, in their judgment,  
by Spain's yielding.

They have said in effect, that if Spain  
should make no such concessions as they  
believed necessary, the powers of Eu-  
rope would guarantee her against war,  
both external and internal.

This means that Austrian troops  
would, if necessary, be sent to Spain to  
suppress civil war.

Serious Trouble in Porto Rico.

A dispatch to the Herald from St.  
Thomas says:

So serious has the situation become in  
San Juan de Porto Rico, that United  
States Consul P. C. Hanna has been or-  
dered to this island, where the rule of  
Denmark will insure his safety. Fear-  
ing an outbreak, Consul Hanna and all  
the members of the American colony  
spent last night on the steamer Vir-  
ginus.

Military rule in Porto Rico has be-  
come most stringent. Censor will not  
pass any news. Even with the greatest  
efforts, the police and troops have not  
been able to prevent bloodshed.

Extraordinary Precautions at Navy Yard.

Extraordinary precautions were in  
force at the navy yard at Brooklyn to-  
day, respecting suspicious persons. The  
officer of the guard has been ordered to  
cause the arrest of any person seen tak-  
ing notes and to allow no photographers  
on the yard. The dispatch boat  
Dolphin will sail today to join the fleet  
at Key West, carrying an extra cargo of  
ammunition. Two boats of the mosqui-  
to fleet, the Sioux and the Tecumseh,  
were also ordered to put to sea before  
evening.

Great difficulty has been experienced  
in enlisting able seamen aboard the Vir-  
ginus and consequently the advisability  
of offering a bounty of \$300 to \$500 for  
seamen is under consideration.

Steamer Furnished Americans in Porto Rico.

Miller, Bull & Knowlton, general  
agents of the New York and Porto Rico  
steamship company, received a cable-  
gram from the agents at San Juan,  
Porto Rico, today asking permission to  
place the British tramp steamship Vir-  
ginus at the disposal of the American  
consul and family and other Americans,  
to take them to St. Thomas, Danish  
West Indies. Permission was given at  
once.

Mr. Knowlton, treasurer of the com-  
pany, telegraphed to Washington that  
he had already cabled the captain of  
the Virginus to take all Americans on  
board, and there was too little time to  
discuss the matter of compensation.

Miller, Bull & Knowlton also received  
a cablegram from Havana, in which it  
was stated that Consul General Lee  
had ordered the American steamship  
Evelyn commanded by Captain Hutch-  
inson, to leave for Key West not later  
than 3 o'clock this afternoon. The  
cablegram stated that the order was  
urgent, and from 200 to 300 refugees  
would leave on the steamer.

Contradictory Opinions.

Madrid, April 9.—The political situ-  
ation is unchanged. Opinions expressed by  
the newspapers are contradictory. Some  
hold that war is inevitable while others  
hope for peace.

An Humorous Address.

The political secretary with the French  
alliances has drafted an address to the  
government declaring that the United  
States desires "to impair Spain's indis-  
putable sovereignty over Cuba and Porto  
Rico," and asserting that these islands  
are the keys to the Gulf of Mexico and  
claiming it must be Spain's mission to  
retain them as a guarantee for the  
maintenance of the commercial inter-  
ests of Europe.

Left Cuba at 5 O'clock.

Havana, April 9, 10 a. m.—All is  
quiet in Havana at this hour. Consul  
General Lee expects to call on Captain  
General Blanco today to say good-bye.  
Walter B. Barker, consul at Sagua la  
Grande, has arrived here. Alexander  
Brice, consul at Matanzas, is supposed  
to have left that place on a schooner.  
Pulaski F. Hyatt, consul at Santiago de  
Cuba is now in Jamaica. The American  
newspaper correspondents, with Gen-  
eral Lee, are ready to leave on the Fern  
at 5 o'clock this afternoon. Alexander  
Gollin, the British consul, is to take  
charge of American interests so far as is  
allowed.

Uncle Sam Buys More Ships.

Hong Kong, April 9.—The United  
States has purchased the British steam-  
er Zafer, the new purchase will be used  
as a supply ship.

Rio Janeiro, April 6.—The Brazilian  
government has sold the cruiser Nieth-  
eroy to the United States for \$350,000.

To Seek Refuge in Austria.

Vienna, April 8.—Court circles be-  
lieve that Queen Regent Christina may  
soon return to her native land. Suit-  
able preparations for her reception are  
already making at the palace of her  
brother, the Archduke Ludwig.

Maintenance of Relief Committee.  
Kansas City, April 9.—The Star prints  
the report of the distribution of sup-  
plies and money sent by it to Matanzas,  
Cuba, and tells how its representatives  
were maltreated by the enraged Span-  
ish soldiers and finally driven away.  
The facts will be laid before the state  
department today.

## RAILROAD TO CIMARRON.

Branch to Be Built from Dover Siding and  
to Be Extended West.

The branch railroad to Cimarron is  
now a certainty. The line has been sur-  
veyed and contracts let for ties, etc. It  
will leave the main line at Dover Siding,  
a point about half way between Maxwell  
City and Springer. When completed in  
the fall an independent train will be  
made up at Raton, running to Cimarron  
and return. This will make all the  
mountain and mining country con-  
tributory to this city. It is understood  
that the terminus of the branch will be  
at a point three miles this side of Cimarron,  
where a town will be platted. The  
object of this, we understand, is to con-  
tinue the line of road on the ground  
higher than the present town, so as to  
continue on through the pass to the Mo-  
reno valley.—Raton Range.

## Remains Cremated.

Chicago, April 9.—The remains of  
Miss Frances E. Willard were cremat-  
ed today, in accordance with her wish.

## MAHMOUD CAPTURED.

Brilliant British Victory Over the Der-  
vishes—British Loss Slight, Dervish  
Loss Heavy.

Cairo, Egypt, April 9.—The British  
brigade in the defeat of the Dervishes  
on yesterday at Atbara captured Mah-  
moud, the Dervish commander and 6,000  
of his followers. The British regiments  
had two officers and ten men killed and  
99 wounded. The Egyptian contingent  
lost 51 men killed, 14 officers and 319  
men wounded. The Dervishes lost about  
2,000 men killed.

## ENORMOUS POWDER CONTRACT.

Government Will Spend \$15,000,000 for  
Nobles.

Washington, April 9.—The E. I. Du-  
pont & De Nemours company, it is un-  
derstood, has received from the United  
States government a contract for fur-  
nishing \$15,000,000 worth of powder,  
and the mills are being rushed to turn  
out the material as rapidly as possible.

## ROW AMONG DEMOCRATS.

Democratic National Committee Seeks to  
Remove a Member on Ground That He  
Is Not in Harmony with Party.

Washington, April 9.—Senator Jones,  
chairman of the national Democratic  
committee, has transmitted the corre-  
spondence and other papers bearing up-  
on the effort to secure the removal of  
Mr. Harry, of Pennsylvania, from his  
position as a Democratic national com-  
mitteeman from that state, to the other  
members of the committee with a view  
of securing their votes upon the ques-  
tion. The Democratic convention in  
Pennsylvania and the executive com-  
mittee of that state urged Mr. Harry's  
removal on the ground that he is not in  
harmony with the Democratic party.

## MICHIGAN FOR WAR.

Governor Pingree Recommends War Loan  
of \$500,000—Bill Passed by Legisla-  
ture in Less Than Half Hour.

Lansing, Mich., April 9.—Governor  
Pingree today sent a message to the  
legislature recommending the author-  
ization of a war loan of half a million  
dollars, also advising the recruiting of  
the National Guard and volunteer mil-  
itia companies to a strength not exceed-  
ing 150 men per company. A scene of  
enthusiasm followed his reading in the  
house and the loan bill was passed with-  
in half an hour.

## WILL HOLD TO CUBA

Spain Will Yield Everything to  
Avert War Save the Independ-  
ence of Cuba.

## CONSULS MAY LEAVE SPAIN

Senate Committee on Foreign Affairs Will  
Support the President—Republicans in  
Conference—No Truth in Report  
That Fern Was Blown Up.

Washington, April 9.—It is learned at  
one of the embassies that the Spanish  
government today has under earnest  
consideration the issuance of a procla-  
mation, declaring an armistice to Cuba.  
It is the hope of the powers that by  
means of this concession war might be  
averted, although it is realized that the  
United States may not regard the con-  
cession as adequate to meet the case.  
The Spanish government, it is said, will  
yield everything to avert war save the  
independence of Cuba and American in-  
tervention. It insists, if either of these  
moves is insisted upon by the United  
States and carried into effect, it will re-  
gard the same as overt acts, placing the  
United States in the attitude of tak-  
ing first step toward war.

## No Armistice Declared.

Secretary Sherman at 2:45 this after-  
noon had received no word from Consul  
General Lee that he had left Havana.  
The secretary expects to hear at any  
time. Neither the state department nor  
the Spanish minister has received word  
from Madrid that Spain had declared  
an armistice.

## Will Support the President.

The senate committee on foreign re-  
lations will probably practically make  
its declaration for intervention in Cuba  
only, if the president represents the  
necessity for thus limiting the official  
action of the country.

The members of the committee who  
are now expected to support the presi-  
dent are Senators Frye, Cullom, Lodge,  
Clark, Gray and Daniels.

## Republicans in Conference.

The steering committee of the house  
Republicans had a long conference with  
Senator Davis, chairman of the foreign  
relations committee of the senate, to-  
day, regarding the legal phases involved  
in the question of intervention and re-  
cognition.

At the conclusion of the conference,  
the members declined to state what oc-  
curred.

## Consuls May Leave Spain.

Permission has been given to the  
United States consuls in Spain to leave  
that country if they desire, pending the  
threatened severance of all diplomatic  
relations between Spain and this country.  
They have not been ordered to  
leave but are permitted to exercise their  
own discretion.

## No Truth in It.

Navy department officials discredit  
the widely circulated rumors that the  
Fern had been blown up at Havana.
